

BAKERS DEMAND ABOLISHMENT OF NIGHT WORK AND WAGE RAISE

TONOPAH, April 3.—The baking industry in America may be completely revolutionized if organizer labor carries out its demands for abolition of night work, according to master bakers.

The national headquarters here of the bakers' and Confectionary Workers' International Union of America has sent an address to every local in the country urging that formal demand for abolition of work between 11 p. m. and 5 a. m. be made when wages for the year are presented to employers on May 1.

Each local will be permitted to take such steps as it seems necessary to enforce the demands.

By vigorously opposing the demands master bakers assert that 75 percent of bakery goods is produced after midnight, that the public demands fresh bread each morning, and that the change would greatly reduce output of necessaries.

Expansion of plants and machinery, in either case, they say, the cost of the 1,500,000 loaves of bread produced daily in Chicago would be increased to the consumer and that other cities probably would follow the same course.

To this the union executive board replies that similar objections were advanced years ago when legislation was sought abolishing dollar bakes.

"Employers thought they could not do without the dirty, underground bakeries, but now they would not think of returning to such conditions," said A. A. Myrup, treasurer of the union.

"We ask abolition of night work as a matter of health and justice to our 30,000 workers. The change is also in the interest of public health. In large cities 70 to 98 percent of the population uses bakeries."

ANY BLACKSMITH MAY PRACTICE DENTISTRY UNDER LONDON LAWS

(Correspondence of Associated Press.)

LONDON, March 12.—Butchers, shoemakers and turners are practicing dentistry in England. The only restriction aside from possible damage to tools is that the "operator" does not call himself a "dentist" or "dental practitioner." It is unnecessary to register and anyone may start in the business.

This condition with its resultant injury has long been discussed in medical organizations with remedy but at last it has been recommended by a government committee. The whole system is criticized and the navy American representative in London are hopeful that they will standardize the practice at dentists' as it had medicine at the home of the victim. Another made a specialty of correcting the front teeth of young women—usually humiliated workers with newly found wealth. The system was to extract a case of the objectionable teeth and fit new ones.

Large profits are made and there is a constant flow of recruits to the rank of unqualified operators while the number of licensed dentists has not increased in 15 years. The committee's principal recommendations are:

Prohibition of the practice of dentistry by persons not registered.

Establishment of a public dental service.

Provision for dental treatment for pauper children and children under five.

Adequate system of school dental treatment.

GREATER STRENGTH Fewer Spoonfuls

BIGGER SAVINGS

The value of baking powder is based on its leavening strength. You can't judge it by the size of the can—or by the amount you get for your money. You must estimate it by the amount of baking powder used in each baking and the results you get.

CALUMET

is the greatest value ever offered in Baking Powder—it has greater raising "force"—it goes further than most of the other brands. You use only a rounded or heaping teaspoonful where others call for two teaspoonfuls or more.

But Baking Powder is not all you'll save when using Calumet. You save baking materials. Calumet never fails. The last level teaspoonful is as powerful as the first. Calumet is perfectly manufactured—keeps perfectly—and is moderate in price.

One trial will satisfy you of these facts—and demonstrate beyond doubt that "Calumet spells economy."

Your grocer sells it on a guarantee of money back if you are not pleased with results.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

HIGHEST QUALITY AWARDS

CARSON LANDMARK CLOSES ITS DOORS

For the first time in its history the Ormsby House of Carson City which was re-christened "The Park Hotel" a few years ago is dark. Erected in the earliest pioneer days of Carson City and named in honor of the gallant soldier, Major Ormsby, who was killed by the Indians in 1869, the house was under the management of the Nye brothers of Virginia City during the session of the legislature concluded last month.

Famous Family of English Origin.

The Lee family, of which General Robert E. Lee, commander of the Confederate army during the Civil war, was a member, was of English origin. One of his ancestors emigrated to Virginia in the reign of Charles I and the family was prominent then, during and after the Revolutionary war.

Nonessential Industry.

Our idea of a nonessential industry is tracing the pedigree of a dog—Dallas News.

Old Superstition Lingers.

WIFE OF EDITOR MCCARTHY DIES AT HAWTHORNE

Mrs. A. J. McCarthy, wife of the editor of the Walker Lake Bulletin, died Tuesday night in Hawthorne, according to information received here. Her death was caused by influenza. Mrs. McCarthy was one of the prominent residents of Hawthorne and known all over the state as an active club worker.

She had lived in Hawthorne over thirty years during which time her husband has been editor of the Walker Lake Bulletin. Before her marriage she lived in Virginia City and taught school there as Adelaide Holmes before meeting her husband who was connected with the Virginia City Chronicle and was state printer.

Three children survive. Ruth McCarthy, Mrs. James Miller and John McCarthy, all of Hawthorne. A sister, Mrs. John McLaughlin, also survives. She was sixty years old. Burial will probably take place in Hawthorne.

ASSESSMENT NOTICE.

GOLD ZONE DIVIDE MINING COMPANY—Location of principal place of business, Tonopah, Nye County, Nevada. Location of works, Gold Mountain, Esmeralda County, Nevada.

Notice is hereby given that at a meeting of the Board of Directors, held on the 27th day of March, 1919, an assessment No. 3 of one (1) cent per share was levied upon the capital stock of the corporation, payable immediately in United States gold coin, to the Secretary, at the office of the company, room 210 State Bank Building, Tonopah, Nevada.

Any stock upon which this assessment shall remain unpaid on the 5th day of May, 1919, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Saturday, the 5th day of June, 1919, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

By order of the Board of Directors, F. A. BURNHAM, Secretary, Office, 210 State Bank Building, Tonopah, Nevada.

NOTICE TO HOUSEHOLDERS AND BUSINESS HOUSES

All persons are hereby notified that they must clean up their premises not later than April 8th or be arrested for violating the ordinances governing the sanitary condition of the town of Tonopah. Special arrangements will be made with the garbage contractor for extra teams on April 7th and 8th and those who fail to avail themselves of the service will lay themselves liable to the penalty prescribed by law.
